BAROSSA VALLEY

2001 SHIRAZ

The Turkey Flat Vineyard boasts some of the oldest Shiraz vines in the world. Planted in 1847, these hard-working gnarled old vines are still producing fantastic grapes. They are dry grown with their roots extending metres into the soil in search of moisture.

Much of the credit for the best Shiraz made in the Barossa is due to old vines such as these. The fact that these vines still exist is largely due to a far-sighted quarantine scheme, in which South Australia was spared the phylloxera outbreak which devastated the vineyards of Europe, America and subsequently parts of Australia in the late 1800's.

The 2001 vintage produced lower than average yields due to unseasonably cool weather during flowering followed by a very hot February. Each small parcel of Shiraz was vinified separately and matured in French oak barrels. The result is a firmly structured complex Shiraz, with lifted aromas of Christmas cake/plum pudding, cocoa, mocha, leather/suede and bitter cherries and prunes.

The full-bodied palate has flavours of plums, leather, spice, and cardamom and will definitely improve with careful cellaring of up to 15 years.
