1994 GRENACHE NOIR

The new release 1994 Grenache Noir is expected to follow the success of the two previous vintages. We have chosen to use the correct nomenclature to distinguish this widely grown Mediterranean red grape variety from its white cousin Grenache Blanc and we expect you will be stunned by the dark colour and firm tannin in the new release, which will complement any food from the Mediterranean cuisines.

This vintage was made at Rockford Winery using the ancient Bagshaw Crusher and Basket Press. This is still the Grenache by which all others are judged!! We are very proud of this soft, drinkable red with its perfumed nose and coffee-licorice-plum palate. The very old yielding vines, gravelly soil, and maturation in oak are the ingredients needed to produce a full bodied style such as this. The first release 1992 Grenache was sold out by April 1993 and the 1993 which was described by *The Advertiser's* Philip White as a "slippery, seductive miracle – a major work" was sold out within three months.

Turkey Flat Grenache Noir is a food wine, ideally suited to full flavoured dishes of all kinds.

The Wine

Harvested	– Early May 1994
