1997 ROSÉ

Our faith in Rose, as an alternative Australian lunch wine to be enjoyed without pretension has now been vindicated. This lively and lovely wine full of crushed strawberry flavours continues to bring smiles to all who taste it, including James Halliday who has placed it in his 'Australia Top 100' wines for 2 years in a row – the only Rose to achieve such an honour.

Good pink wines are light crisp and fresh. This one may be described as an operetta wine but it is a first class operetta. We have used Grenache, Shiraz, and Cabernet to make a wine which gives pleasure in a light hearted, undemanding way. Pink wines are always served chilled.
