

TURKEY  
FLAT  
VINEYARDS  
BAROSSA VALLEY

GRENACHE

This is the first release of the Turkey Flat Grenache. Grenache is one of the most widely planted grape varieties in the world. Grenache is well known in Europe where the vigneron of the Rhone Valley in France and the Rioja in Spain hold it in high regard.

The fruit for this vintage is grown on very old, low yielding bush vines, planted in gravelly soil. This wine has had a year's maturation in oak which is the ingredient needed to produce a full bodied style such as this.

This wine was made at Rockford Winery using open fermenters and the basket press. We did not declare a vintage for this wine although it was all 1992 fruit.

The Turkey Flat Grenache is a food wine, ideally suited to full flavoured dishes of all kinds.

*The Wine*

|               |   |
|---------------|---|
| Harvested     | – Early April 1992                      |
